

Crime Stoppers Programs Southeastern United States

Established: 1981

Dear Crime Stoppers Program:

Southeastern Crime Stoppers Association (SECA) program consists of 42 **Crime Stoppers*** programs from Delaware, Maryland, Washington DC, Virginia, North Carolina, South Carolina, West Virginia, Florida, Georgia and Puerto Rico. The SECA program has been successful in developing membership along the east coast of the United States to promote standards, fellowship, training and networking for Crime Stoppers programs in this region and we are looking for more programs to join.

At the annual SECA Training Conferences, we provide members with quality training for non-profit board administration and law enforcement program coordinators. The annual Training Conference reviews the basic concepts of our programs and presents funding and social media concepts to provide anonymous tipsters with quality resources to assist law enforcement in the arrests of felons and maintaining the protection of the caller.

No matter how large or small your program may be, our networking and training will provide increased awareness of your program, increase the amount of successful arrests and provide funding opportunities for your 501(c)(3) organization.

Please take a few minutes to review the attached information and join our program. There are no strangers in our group!
